Technical Skills

Front-End Frameworks: React.js, Next.js, Bootstrap

Languages and Libraries: Bootstrap, JavaScript, TypeScript, HTML, CSS,PostgreSQL.

Back-End Technologies: NestJS, TypeORM, Express.js, MongoDB ,NodeJS

Soft Skills: Problem-Solving, Teamwork

State Management: Redux, ContextAPI

Experience/Projects

Upcode Software Labs   **June 2024 – Present**

Full Stack Developer Intern   *Malappuram, Kerala*

- **Designed and implemented** a **responsive** e-commerce application using **React.js** and **Bootstrap.**
- Gained expertise in **React.js, Bootstrap, Next.js,** and **TypeScript** by developing real world applications.
- **Integrated RESTful APIs** to fetch and display dynamic data, enhancing the functionality of the applications.
- **Utilized Git for version control**, maintaining a clean and organized codebase, and facilitating seamless collaboration with team members.
- **Participated in daily stand-ups and sprint planning meetings**, contributing to **agile development** practices and ensuring project alignment with business goals.
- Demonstrated strong **problem solving skills** and adaptability in **learning new technologies**.

Projects

CA Institute Management System (NextJs + NestJS + PostgreSQL)

- Developed a **full-stack web application** to manage institutes, courses, and students efficiently.
- Built a **role-based dashboard** for Institution Admins to manage courses and student records.
- Designed an Admin Portal for Super Admins to oversee institutions and system-wide settings.
- Implemented **secure authentication & role-based access control (RBAC)** for user management.
- Designed a **modern, responsive UI** using Next.js & Bootstrap, ensuring an intuitive user experience.
- Integrated **PostgreSQL** with **NestJS** for a scalable and optimized backend architecture.

ShopQuik E-commerce Application (NextJS + Bootstrap +Strapi)

- **Created** a responsive e-commerce website using NextJs and Bootstrap, **incorporating** detailed product information and cart management and a responsive UI.
- **Enhanced** user interaction with an efficient add-to-cart functionality and comprehensive checkout process.
- Integrated **Strapi CMS** as a backend to manage products dynamically with real-time updates.
- Designed a visually appealing and user friendly user interface to ensure an optimal shopping experience.

E-commerce Application (ReactJs + Bootstrap + ContextApi)

- Developed a **responsive e-commerce platform** using **ReactJs and Bootstrap**, ensuring seamless browsing across devices.
- Implemented **context-based state management** for efficient product filtering, cart management, and checkout experience.
- Designed an **interactive and user-friendly UI**, optimizing the shopping experience with smooth navigation.
- Enhanced user engagement with **intuitive add-to-cart functionality** and a streamlined **checkout process**.

Key Strengths

- Proficient in full stack-end development with a strong foundation in React.js, Next.js, and TypeScript.
- Experienced in creating responsive and user-friendly web applications.
- Adept at problem-solving and collaborating effectively within teams.
- Quick learner with the ability to adapt to new tools and technologies seamlessly.

Education

University of Calicut   **2004 - 2007**

Master of Computer Applications (MCA)   *Calicut,Kerala*
    (82.33%)
